4 Comes now George Miller and remonstrates against the  
5 against the location or establishment of said proposed road  
6 for the reasons:-

7 (1) That the road is impracticable for its great expense  
8 in that it will have to be built where proposed, over marshy  
9 ground requiring great expense to keep in repair, requiring  
10 one large bridge and several culverts,

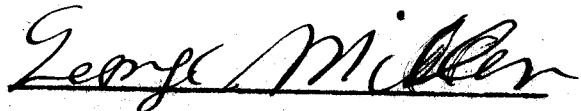

11 (2) That all parties on the petition are now accommodated  
12 with sufficient public highways for their necessary travel.

13 (3) That it proposes to run across the northeast qr. of  
14 Section 23 belonging to this objector and if located and es-  
15 tablished where proposed, it will cut off the objectors lands  
16 from all water now enjoyed by said land, viz: the Grande Ronde  
17 River to this objector's great damage.

18 (4) And this objector George Miller now claims that by the  
19 location and establishment of said road his lands will be  
20 specially damaged in the sum of \$2500 and he now interposes  
21 a claim for damages in that sum.

22 (5) That an ordinary bond will not indemnify the County of  
23 Union against the damages sustained by this objector and  
24 provable in his claim.

Now at this time comes Walter M. Pierce, and shows to the court that he is the owner of the South 1/2 of Section 16, Township 2 South of Range 38, W. M. in Union County, Oregon, and the said lands are enclosed and in a state of high cultivation and are very valuable.

That the above entitled county road as petitioned for, surveyed and <sup>it</sup> laid out, extends along the South line of said Section 16, and will take and appropriate of your claimant's said lands <sup>and</sup> a strip 30 feet wide and one mile long, on the south side of <sup>appropriated</sup> said lands.

That said lands are well and reasonably worth the sum of \$60 per acre and that your claimant will be damaged in the loss of the use of said lands in the sum of \$445.00

That the laying out, establishing and opening of said road over claimant's said land will necessitate the building and maintenance of one mile of extra ~~spacing~~ fencing in order to enclose and keep enclosed claimant's said lands, which fencing will cost claimant at least \$320 to his damage in that amount.

That claimant will be damaged in all, in the establishment, laying out and opening of said county road over his said lands in the sum of \$465.00 and said claimant here now presents this his claim for damages and asks that the same be allowed and paid.
